Doug Kulak

OVERVIEW

I am a detail-oriented digital solutions architect with an extensive background in full-stack web development and web design. I have end-to-end experience working for some of Orange County's premier digital advertising agencies and have built high-traffic and mission-critical applications for clients including Google, American Express, GE, YouTube, Dreamworks, and McDonald's.

Discovery > **Strategy** > **UX/UI** > **Design** > **Development** > **Support**

EXPERIENCE

Founder & CEO – Kulak Consulting
January, 2009 – Present | Redding, CA

Freelance. Dedicated to developing performant and secure solutions that improve user satisfaction and experience. Exceed company goals while defining and improving key performance indicators and metrics. Outstanding ability to problem-solve and work collaboratively. Available immediately for contract and/or permanent work.

Senior Software Architect – WorkWave, Inc.
November, 2015 – November, 2017 | Holmdel, NJ

Architected, designed, and developed new SaaS-based lead management and marketing automation software that generated over $1 million in annual recurring revenue in the first year. Analyzed, documented, and improved flagship software APIs with micro service-oriented architecture.

Director of Technology – Rhythm Interactive, Inc.
May, 2013 – October, 2015 | Irvine, CA

Led and managed an in-house team of talented software developers. Expanded department from 3 to 17 members in just under 2 years. Analyzed and estimated feasibility, costs, and timeline for all incoming development projects. Led and/or developed 10+ large-scale web development projects with budgets exceeding $1 million.

Senior Web Developer – The Buddy Group, Inc.
May, 2011 – May, 2013 | Costa Mesa, CA

Developed websites and applications for Fortune 100 companies including Google, YouTube, American Express, and McDonald's. Hosted routine, cross-department "lunch and learn" sessions to mentor and train curious or aspiring developers on exciting new technologies.

EDUCATION

College of the Siskiyous – General Education
1997-1998 | Weed, CA

Central Valley High School – High School Diploma
1997 | Shasta Lake, CA

Stanford Educational Program for Gifted Youth – Mathematics
1997 | Palo Alto, CA
